

**REPORT OF THE
QUALITY AND PATIENT SAFETY COMMITTEE OF THE
BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM**

SEPTEMBER 23, 2008

ATTENDANCE

Present: Chairman David Ansell, MD; Directors Jerry Butler and Luis Muñoz, MD, MPH (3)

Mary Driscoll – Illinois Department of Public Health (Non-Director Member)

Absent: Director Benn Greenspan, PhD, MPH, FACHE (1)

Also Present: Patrick T. Driscoll, Jr. – Deputy State's Attorney, Chief, Civil Actions Bureau, Office of the State's Attorney; Elizabeth Reidy – Deputy Chief, Civil Actions Bureau, Office of the State's Attorney; Deborah Santana – Office of the Secretary to the Board of Commissioners of Cook County; David R. Small – Interim Chief Executive Officer, Cook County Bureau of Health Services; Dr. Aaron Hamb, Chief Medical Officer, Provident Hospital; Martina Harrison, RN, MSN – MSN, Chief Nursing Officer, Provident Hospital; Dr. Avery Hart – Interim Chief Medical Officer, Cermak Health Services; Sue Klein – Director of Quality, Stroger Hospital of Cook County; Sylvia Edwards – Chief Operating Officer, Oak Forest Hospital; Judith Frigo, MD – Chief Medical Officer, Oak Forest Hospital; David Fagus – Chief Operating Officer, Cermak Health Services; Dr. Janice Benson, MD – President, Medical Staff, Stroger Hospital of Cook County; Maurice Lemon, MD, MPH – Medical Director, Stroger Hospital of Cook County; Dr. Homer Abiad – President of the Medical Staff, Oak Forest Hospital of Cook County; Linda Rae Murray, M.D. MPH – Chief Medical Officer, Cook County Department of Public Health; Lula Roberson – Interim Director, Quality Services, Provident Hospital; John M. Raba, M.D. – Interim Chief Medical Officer, Cook County Health and Hospitals System.

Ladies and Gentlemen:

Your Quality and Patient Safety Committee of the Board of Directors of the Cook County Health and Hospitals System met pursuant to notice on Tuesday, September 23, 2008 at the hour of 12:00 P.M. at Stroger Hospital, 1901 West Harrison Street, in the fifth floor conference room, in Chicago, Illinois.

Your Quality and Patient Safety Committee has considered the following items and, upon adoption of this report, the recommendations follow.

Welcome and Introductions

Chairman Ansell asked all of the attendees present at the meeting to introduce themselves.

Roll Call

Deborah Santana, of the Office of the Secretary to the Board, called the roll of members at 12:10 P.M., and it was determined that a quorum was not present.

Chairman Ansell indicated that discussion would take place until a quorum was reached.

At 1:23 P.M., Chairman Ansell stated that Director Butler was present. A quorum was reached and the Committee proceeded to take action on the items presented.

Review and approve minutes of the meeting of the Quality and Patient Safety Committee of August 26, 2008

Director Muñoz, seconded by Director Butler, moved to approve the minutes of the meeting of the Quality and Patient Safety Committee of August 26, 2008. THE MOTION CARRIED UNANIMOUSLY.

Receive progress report on the accreditation preparation plans at Cermak Health Facility

David Fagus, Chief Operating Officer of Cermak Health Services, gave a brief summary of what has taken place at the Cermak Health Facility since the last meeting. He indicated that they have submitted their budget, which includes 93 full-time equivalent employees (FTE's) for the Fiscal Year 2009 Budget and 29 additional FTE's for Fiscal Years 2010 and 2011. Mr. Fagus informed the Committee that they concluded the initial round of negotiations for the new Residential Treatment Unit (RTU) and the Receiving Classification and Diagnostic Center (RCDC) Building which is a major component in bringing those two areas up to standard. The new building will have 900 new beds and will re-establish an intermediate care area that is appropriate for the care that those patients at that level need. Also, once the building opens, all of the mental health patients will be moved into that building. Mr. Fagus stated that his hope is that by the end of 2009 to have all of the records electronically all across the compound and also at the Juvenile Temporary Detention Center (JTDC) as well. Further, Mr. Fagus stated that he will speak with regards to the CQI model in closed session.

Dr. Avery Hart, Interim Chief Medical Officer of Cermak Health Services, stated that the mentality needs to be shifted in terms what quality improvement work is and who does it and it should be done by all. Further, Dr. Hart indicated that he will speak with regards to two specific issues in Executive Sessions.

Chairman Ansell asked what the goal date for accreditation is.

Dr. Hart indicated that he met with the accreditation individuals and they indicated that they would like to see a self-study which will tell them if Cermak Health Facility Services is ready or not. Dr. Hart stated that the self-study will not happen until Fiscal Year 2009 because some of the major liabilities cannot be fixed without more individuals. In conclusion, Dr. Hart stated that he anticipates submitting the self-study in the Spring and hopefully six months after submission of the self-study Cermak Health Facility Services will be ready for a visit.

Chairman Ansell requested a presentation on the IT Strategy with regard to clinical functions across the System.

Dr. Hart stated that at Cermak Health Facility Services there is one individual on-site who is self-taught. Dr. Hart stated that Julie Bonello is requesting four positions for Cermak on-site.

Director Muñoz inquired if there was training for the Cerner System.

Dr. Hart responded no. Further, Dr. Hart indicated that they have requested that trainers to come out and train the schedulers and physicians who will be doing their own scheduling as it is done at the CORE Center.

Chairman Ansell stated that each entity should submit their annual performance improvement plan for approval by the Committee of the Board which is a Joint Commission requirement even if you are not certified by the Joint Commission. Further, Chairman Ansell stated that a schedule needs to be worked on.

Chairman Ansell indicated that the Justice Department is interested in what the System Board is doing and they are taking a collaborative approach towards resolving the issues.

Patrick T. Driscoll, Jr., Deputy State's Attorney and Chief of the Civil Actions Bureau of the Office of the State's Attorney, stated that he has met with the Justice Department and they will be submitting a proposal. Mr. Driscoll indicated that there is a team that will be coming in to do an analysis of Cermak Health Services.

Receive quarterly quality report from Provident Hospital

Chairman Ansell requested that in the future any presentation be done in power point.

Lula Roberson, Interim Director of Quality Services at Provident Hospital, gave a summary of the quarterly quality report from Provident Hospital; this report covers the first and second calendar quarters of 2008.

Chairman Ansell requested that the different institutions who are presenting data should present in the same way; there is a need to standardize.

Chairman Ansell requested Sidney Thomas, Chief Operating Officer at Provident Hospital, and David R. Small, Interim Chief Executive Officer of the Cook County Health and Hospitals System, to address the issue at Provident Hospital specifically.

Dr. Aaron Hamb, Chief Medical Officer at Provident Hospital, stated that they have had changes in leadership in the department this year.

Mr. Small inquired as to when the changes occurred.

Dr. Hamb stated that leadership changes occurred earlier this year; not only the Director of the Department but also the Assistant Administrator over that department has changed.

Mary Driscoll, Illinois Department of Public Health, indicated that it would be useful to see back data.

Ms. Roberson stated that she was not sure how to present the data.

Chairman Ansell indicated that the Committee will come up with a standard.

Chairman Ansell stated that he sees a lot of green which is unusual because most hospitals have trouble around pain management. Chairman Ansell suggested that nursing should take a look at the problem to see if it is real or not.

Martina Harrison, RN, MSN, Chief Nursing Officer, Provident Hospital, indicated that Provident Hospital has taken an individualized approach to looking at pain because it has been a problem and Provident Hospital has experienced issues with respect to pain. The nurse managers are auditing all of the records almost daily. When new admissions come in they run a special report called "Vista Report" and look at those types of diagnosis that would lead them off to pain.

Ms. Roberson indicated that in core measures they meet the target except for pneumonia and that is due to the cue six hours and cue eight hours turn-around time for pneumonia.

Chairman Ansell indicated that it is a problem everywhere. He also stated that they are thinking of changing the standard to six hours instead of four hours.

Chairman Ansell stated that in March "recovery audits" will be coming to Illinois; they are companies that will come in and audit the one and two day stays. Further, Chairman Ansell stated that they should be receiving a "PEPR Report" that tell you about where you are benchmarking statewide.

In regards to the "never events" Chairman Ansell stated that Medicare will not pay for series of conditions that develop in the hospital. Again it is a device to improve quality but it is actually to save money.

Dr. Hamb indicated that Provident Hospital had another regulatory visit which was by Illinois Emergency Management Agency (IEMA), the group who certified the mammography program as well as the radiation safety program.

Director Butler, seconded by Director Muñoz, moved to Receive and File the quarterly quality report from Provident Hospital. THE MOTION CARRIED UNANIMOUSLY.

**Receive report from the Medical Staff Executive Committees from
Provident, Oak Forest and Stroger Hospitals**

Dr. Hamb reported for Provident Hospital. He indicated that the hospital is diligently prepared for the joint accreditation visit; the medical staff is working with medical records to decrease the number of incomplete records; teams are daily working to insure they are concurrent and complete with medical records; departments are redoing materials pertinent to their areas to optimize staff responses during tracers.

Dr. Homer Abiad, President of the Medical Staff at Oak Forest Hospital, reported for Oak Forest Hospital. He indicated that the major problems are the voids in the clinical services that Oak Forest Hospital provides; they still do not have any physicians in Gastroenterology or Gynecology, and have only two Intensive Care physicians. At this time they have budgeted for Gastroenterology and two Intensive Care physicians. Requests have been submitted two months ago and they are still waiting for the go-ahead from Human Resource to post these positions.

Chairman Ansell inquired of Mr. Small as to why it is taking so long.

Mr. Small stated that he does not know what the current status is. It is reported to the Human Resource Committee in terms of the outstanding request to hires and they will be looking at that on Friday at the Human Resource Committee meeting.

Judith Frigo, MD, Chief Medical Officer, Oak Forest Hospital, indicated that they have prepared requests to hire for the open positions and Sylvia Edwards, Chief Operating Officer of Oak Forest Hospital, has signed off. Dr. Frigo stated that it is unclear to her because they have to be told from the downtown Human Resources Department and they have not received clearance.

Mr. Small stated that the Human Resources Committee has just approved the revisions to the hiring process; it has been approved and finalized with the sign off of Cook County Human Resource Department.

Chairman Ansell inquired whether they have candidates for these positions.

Dr. Frigo stated that they have at least one candidate for the general internal medicine position; however, they don't have candidates for gastroenterology.

Chairman Ansell asked Ms. Edwards to follow up on these positions to make sure that the positions are opened up. He inquired whether these positions are done in an integrated way or are they done in an independent way.

Dr. Frigo stated that all of heads at Stroger Hospital all are aware where that there are vacancies at Oak Forest Hospital.

John M. Raba, M.D., Interim Chief Medical Officer of the Cook County Health and Hospitals System, asked if there are any resources from another institution that could help out at Oak Forest Hospital on a part time-basis while the process of searching ensues.

Dr. Frigo indicated that she has made telephone inquiries and hasn't been able to come up with anyone.

Chairman Ansell stated that it would be a great opportunity for Dr. Raba to become involved in getting these positions filled.

Ms. Edwards stated that she has been in discussions with Dr. Hamb and Mr. Thomas of Provident Hospital in terms of their ability to identify a practitioner to come to Oak Forest Hospital based on their volumes.

Director Muñoz asked if it has always taken this long to get positions posted and get individuals hired.

Dr. Hamb stated that the posting is a new requirement as a result of the Collective Bargaining Agreement (CBA) coming into effect.

Dr. Hart inquired whether the new policy is in distribution.

Chairman Ansell responded that it is being passed this Friday.

Dr. Janice Benson, President of the Medical Staff at Stroger Hospital, presented the report for Stroger Hospital.

Chairman Ansell reminded the attendees that medical staff quality is number one and that the Joint Commission has a series of new requirements regarding periodic performance review.

Director Muñoz suggested that some resources within the hospital system should be identified and coordinated to try to help with the formatting of all the information.

Director Muñoz, seconded by Director Butler, moved to Receive and File the report from the Medical Staff Executive Committees from Provident, Oak Forest and Stroger Hospital. THE MOTION CARRIED UNANIMOUSLY.

Receive report on Family Case Management program transition

Linda Rae Murray, MD, MPH, Chief Medical Officer of the Cook County Department of Public Health, reported for Dr. Stephen Martin, Chief Operating Officer of the Cook County Department of Public Health.

Chairman Ansell asked how we will know when a transfer happens.

Dr. Murray stated that once the State completes the transfer you will be able to see it electronically.

Director Muñoz stated that what would be helpful to the Committee and the Board would be a delineation of the levels of severity that are handled by the different case services that the Cook County Department of Public Health delivers to the community. He further requested that it be put into a memo addressed to the System Board so that it is clearly identified and that it include some totals of how many individuals are in those programs so that we can counter some of the criticism.

Dr. Murray stated that she will make sure that the System Board receives the memo from the State dated July 18, 2008, with totals. In that memo there is a list of a whole series of case management programs that specifically talks about programs that the Department of Public Health has not given up; they are separate from this program. In conclusion, Dr. Murray stated that she will update the numbers.

Chairman Ansell stated that his concern is about making sure that the South Suburban area is taken care of.

Dr. Murray stated that Aunt Martha's is a big provider for the South suburbs and is willing to take more.

Public Comment

Chairman Ansell asked the Secretary to call upon the registered speakers.

1. Quentin Young – Health & Medicine Policy

Closed Session

- Receive any Sentinel Events or Near Misses
- Receive any Patient Grievance Reports
- Receive update on Patient Case at Cermak Health Services
- Receive and review Medical Staff Appointments/Re-appointments/Status Changes

Director Butler, seconded by Director Muñoz, moved to recess the regular session and convene into closed session, pursuant to an exception to the Open Meetings Act, 5 ILCS 120/2(c)(11), et seq., which permits closed meetings for consideration of "Litigation, when an action against, affecting or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting," and pursuant to an exception to the Illinois Open Meetings Act, 5 ILCS 120/2(c)(17), et seq., which permits closed meetings for consideration of "The recruitment, credentialing, discipline or formal peer review of physicians or other health care professionals for a hospital, or other institution providing medical care, that is operated by the public body." **THE MOTION CARRIED UNANIMOUSLY.**

Director Butler, seconded by Director Muñoz, moved to adjourn the closed session and convene into regular session. **THE MOTION CARRIED UNANIMOUSLY.**

Director Butler, seconded by Director Muñoz, moved to approve the Medical Staff Appointments/Re-appointments.

JOHN H. STROGER, JR HOSPITAL OF COOK COUNTY

MEDICAL APPOINTMENTS

The medical staff initial appointments, medical staff reappointments, medical staff appointments to be amended from provisional to full status, medical staff change with no change in clinical privileges, mid level practitioners initial appointments, mid level practitioners reappointments, mid level practitioners collaborative agreement and mid level practitioners collaborative agreement with prescriptive authority presented have been professionally reviewed and recommended for the status shown. The Quality Committee of the Health and Hospitals Board will be notified confidentially when there are physicians herein who have any malpractice claims or professional sanctions when such specific cases have not previously been presented to the Board of Commissioners or the Health and Hospitals Board. Additional information concerning such matters will be available on a confidential basis through the Secretary of the Health and Hospitals Board.
